

Referrals Are Rewarded.

At Market Street Talent, we know community matters and that we are #bettertogether. Do you know somebody with an open IT or digital marketing role who could benefit from Market Street Talent's recruiting services?

Send them our way!

If you are responsible for bridging the connection that results in a new client* for Market Street Talent, we offer a \$500 bonus—with more to come as hires are made. See below for more details and reach out to the team at MST with any questions.

The Details:

- \$500 will be paid to you once contracts are signed and MST officially gains a new client.
- \$1,000 will be paid to you, per hire, that MST makes with that client for the first twelve (12) months from the date the contract is fully executed.
 - This will be payable once the employee has met six (6) month guarantee.

**In order to be considered a "new client" of Market Street Talent, a company must sign both hourly contract employment and full-time employment contracts with MST, and fully executed copies must exist in our internal database. Terms are subject to change.*
